F-MERGENCY GRADE RESUSCITATION KIT

You have been diagnosed with an **F**, which could be terminal. In order to be cured, you must follow the enclosed prescription. You must follow the directives to the letter or you will not be cured.

If you **do** follow the prescribed treatment plan **exactly as it is prescribed**, then you will earn **400 points**, which will increase your grade ENORMOUSLY. It should be just the thing to save your Semester I grade.

DOCTOR'S PRESCRIPTION:

Write ALL of the following essays (700+ words each) and submit them in MLA format no later than January 27 at 4 PM. Make sure they are your own work. Plagiarism will result in certain failure.

- 1) NARRATIVE: Write about a life-changing event. Include set-up, rising action, climax and denouement
- 2) LIT ANALYSIS: Write about the theme and author's use of literary devices in "Oscar and the Big Fish"
- 3) LITANALYSIS: Write about the theme and author's use of literary devices in *Of Mice and Men*
- 4) PERSUASIVE: Convince me to agree with your position on one of the following controversial topics: Gun control, abortion, the death penalty, gay marriage, privatization of education, charging individual citizens for services such as the fire department, city curfews for minors, or another pre-approved topic

WARNING: No excuses will be entertained. No negotiations will be entered into. The doctor will show no mercy. You may not do some of the essays. You must do all of them **as prescribed**.

You may not be a minute late or a word under the requirement or a smidge off MLA format because the disease you have – the F disease – is a killer.

YOU CAN DO IT. BE A HERO!
